

ANZ Chengdu Data Science Competition 2019

Terms and Conditions

1. Information on how to enter and prizes forms part of these conditions of entry. Entry into the competition constitutes an irrevocable acceptance of these terms and conditions.
2. Entries are open to anyone over the age of 18.
3. When requested, entrants must be able to prove they meet the Entrant's Requirements by supplying a copy of their Chinese Resident Identity Card or Passport. If an entrant cannot satisfy the judging panel of their eligibility to enter, their entry will not be considered. The request may be raised at any time during the Competition Period. Should the winner fail to prove his/her satisfaction of the Entrant's Requirements, the prize may be cancelled under the sole discretion of the judging panel.
4. The competition commences at 9am UTC+8 on 14th November 2019 and closes at 5pm UTC+8 on 24th November 2019 ("Competition Period").
5. To enter the competition, participants must complete the following ("Entry Requirements") within the Competition Period:
 - a. Register for the competition through the [Data Castle Website](#); and
 - b. Ensure information accuracy when entering personal details and ensure eligibility requirements per term 2 are satisfied; and
 - c. Prepare and submit data analysis and algorithm solutions per competition requirements outlined in the competition requirements section on the Data Castle website and per Term 18 in the terms and conditions
 - d. Any entrant who has not completed all Entry Requirements will not be considered. There is a limit of one entry per participant (either in a Team or as an individual).
 - e. All entries must be the original work of the entrant/team. Any

entry submitted which is not the original work of the entrant/team will not be considered. Original Work is one not received from others nor copied from or based upon the work of others. This will be subject to the interpretation of the judging panel. The use of mathematic methodology or machine learning algorithms are not subject to the 'Original Work' requirement.

6. All full and complete entries will be judged by a judging panel and up to six entries will be selected as finalists and invited to complete a presentation of their entry. Finalists will be notified in writing by 27th November 2019. Finalists' names will be published on the [Data Castle Website](#).
7. The judging panel will judge the entries with reference to the Evaluation Criterion as outlined in the competition requirements.
8. The finalists will be invited to complete a presentation of their entry by 28th November 2019. Presentations and supporting material (if any) must be in English. Presentations need to be made in person at the ANZ Chengdu office¹. If a finalist is unable to present their entry in person their submission will not be considered. If the finalist is a team, it is desirable for all members to attend the presentation but attendance of at least one team member will be acceptable. Any all costs incurred by finalists to attend ANZ Chengdu is the responsibility of the entrant and no reimbursements will be made.
9. The winners will be announced and notified in writing on the day of presentations. Winner's names will be published on the [Data Castle Website](#) on 2nd December 2019.
10. Prizes are as follows:
 - a) First Prize: Maximum AUD \$500 equivalent Apple product for each Person
 - b) Second Prize: Maximum AUD \$450 equivalent Apple product for

¹ Tower E2 and E3 of No. 1 Building, Phase 3 of Tianfu Software Park No 1 Building, No. 1268, Middle Section, Tianfu Avenue, Gaoxin District, Chengdu, China

each Person

- c) Third Prize: Maximum AUD \$400 equivalent Apple product for each Person

The prizes are as stated and no cash or other alternatives will be offered. The prizes are not transferable. Prizes are subject to availability and we reserve the right to select prizes from available Apple products up to the prize value.

The winning teams/individuals and any highly regarded entrants (as deemed by the judges) may be given the opportunity to partake in an interview for internship or job opportunities at ANZ. Interviews are conducted and assessed at the individual level.

11. Winners and/or highly regarded entrants who are invited to interview for internship or job opportunities will be notified within 3 weeks after the winners are announced. Dates of interviews will be held at the discretion of ANZ and on consultation with the individual. If the winner is a team other than an individual, ANZ may only invite one or some members of the team other than all members.
12. Highly regarded entrants are those who do not place 1st, 2nd or 3rd but the judging panel deems their entry to be of a high standard and clearly shows a strong data science skill set.
13. The judging panel is comprised of ANZ Bank Reporting and Analytics leaders and data scientists from China and Australia and a Data Castle representative.
14. Entrants need to score a minimum of 60 points in their online submission to be considered for a finalist position. A maximum of six finalists will be selected. A minimum of three finalists are required to progress to presentations. In the event there are less than three finalists, the presentation round will not take place and ANZ reserves the right to change the awarded prizes notated in term 10 to participation awards for the three highest scored submissions as follows:
 - a. First maximum AUD \$500 equivalent Apple product for each

Person

b. Second maximum AUD \$450 equivalent Apple product for each

Person

c. Third maximum AUD \$400 equivalent Apple product for each

Person

15. The judge's decision is final and no correspondence will be entered into. The prizes are not exchangeable or transferable.

16. Prizes may be subject to statutory disclosure and/or tax implications applicable in China and/or in the location and country of the entrant.

17. ANZ reserves the right to rejudge in the event of an entrant being unable to satisfy these competition conditions or forfeiting or not claiming a prize.

18. The minimum requirements of submission are as follows:

- 1) Submitted entry must include Data Analysis and Business Performance commentary.
- 2) For the Data Analysis, a process map either static or dynamic is required. You must choose at least one topic from the following list. You can also include additional topics of your choosing but this is not mandatory.
 - a) Process analysis:
 - Process Efficiency
 - Process Execution Quality
 - Process Bottleneck
 - b) Resource analysis:
 - Staff efficiency
 - Staff network
 - c) Customer experience analysis:
 - Customer Throughput Time

- Process Repetition

- 3) For the Business Performance component, at a minimum it must include the following two aspects:
 - a) Process Improvement
 - b) Innovative Process Mining Methodology
 - 4) You may use any tool or code to complete your analysis. The chosen tool or code must be included with your submission.
 - 5) Outcome presented in the submitted document is reproducible from delivered codes or tools.
 - 6) Methodology selected is sound and fit for purpose
19. For any prize that remains unclaimed or forfeited through ineligibility or otherwise by 31 December 2019, ANZ reserves the right to cancel the prize distribution.
20. The winner's names, study locations and competition entries may be used by ANZ for future contact and publicity purposes. The entrant undertakes irrevocably that ANZ has all right to use their information mentioned above without further notice in the future unless excluded by law.
21. ANZ is not liable for any loss or damage whatsoever which is suffered (including but not limited to indirect or a consequential loss), or for personal injury suffered or sustained as a result of partaking in this competition and/or taking any prize and/or partaking in interview for internship or job opportunities with ANZ Chengdu (if any), except for any liability that cannot be excluded by law.
22. ANZ will not be liable for any loss or damage whatsoever resulting from incorrect details lodged by participants.
23. ANZ reserves the right to vary the rules of any competition or any prizes offered or cancel any competition if it is no longer able to run the competition due to reasons beyond its control, subject to legislation and regulation. ANZ will not be liable for any losses to any party arising

from any variation or cancellation. The entrant shall carefully consider this risk and accept it before entering this competition.

24. The Sponsor is ANZ Global Services and Operations (Chengdu) Company Limited (ANZ Chengdu Service Centre) (ANZ). The local laws and regulations may be applied to all participants and sponsors.
25. All entrants are responsible for all hardware, software and associated costs incurred in order to enter this competition.
26. Once entrants submit their entry, they acknowledge that the entry is not confidential and authorise ANZ to use that entry without restriction and without payment. All the intellectual property right (if any) to the extent which the law allows will be transferred to ANZ after submission by the entrants. ANZ will have the right to use it in any form without further notice unless excluded by law. The entrants shall not use all or part of its entry in the future without ANZ' s prior consent unless law provides otherwise.
27. ANZ will not be liable for any loss or damage whatsoever resulting from plagiarism in any form by the entrant (if any).
